EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph Jockman on 11 January 2007.

The application has been amended as follows:

In the Claims:

In claim 10, line 2, "lower" has been deleted and --upper-- has been inserted before "rail".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Although prior art searches have found prior art for various modular paneling assemblies, the prior art fails to teach or suggest a lower rail formed of cedar wood. For example, Covington (US Patent 3,745,704) discloses a paneling assembly comprising an elongated panel (20), a lower rail (16) defining a lower recess and an upper rail (18) defining an upper recess, the upper recess being deeper than the lower recess, the upper and lower recesses spaced apart a distance greater than the distance between the upper and lower edge portions such that the panel is removably retained in the recesses when supported by the bottom rail (column 2, lines 1-8) but does not disclose that the lower rail is formed of a cedar wood. While it has been held to be within the general skill of a worker in the art

Art Unit: 3635

to select a known material on the basis of its suitability for the intended use as a matter of obvious design choice, the intended use of the paneling assembly of Covington is for storm shutters that protect glass windows during inclement weather; the lower railings of Covington are formed of a sheet-like material which would be unsuitable to be formed from cedar.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
